We deliver !

We can pot it up!

“The most important thing is to take care of your customers.” - Mike Ruibal

Ruibal's Circa 1987

Those are the words our dad repeated to us time and time again as we learned the nursery business from the ground up. Today, we work along side him to do just that, with the best plants and service you can find anywhere.

One truck load at a time, one customer at a time, we work to maintain our reputation, that the best plants and service are found at Ruibal's Plants of Texas.

From indoor and outdoor plants, pottery, statuary, and gifts; to ideas and planting; we are here for you!

NEW! INNOVATIVE! GREEN!

In our continued effort to reduce our carbon footprint, we at Ruibal's are proud of our investment in the more ecofriendly Ellepot system. Ellepots replace the traditional 4" plastic pots with degradable paper "containers" that are planted directly into the garden and landscape. This reduces waste, improves plant performance and cuts planting time.

What is Ellepot?

The Ellepot is made of ECO FRIENDLY DEGRADABLE PAPER filled with soil

The ELLEPOT paper allows for perfect root growth

Visit ruibals.com for more info

Why Ellepot?

- Fast, healthy root development
- 40% Faster plant out/clean up time
- Reduced transplant shock
- Ecofriendly (20% less carbon foot print)
- Less Plastic waste=Less dumpster fill

Shrubs, Trees & Groundcover

Ruibal's has always been the place for color, but with the expansion of our Farmers Market location by nearly 4 acres and addition of our Rosemeade location, we are now able to stock shrubs and a few trees to make your plant buying a one stop experience.

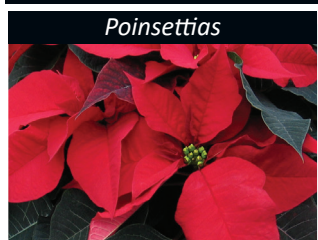

Twist of lime Abelia

Yucca

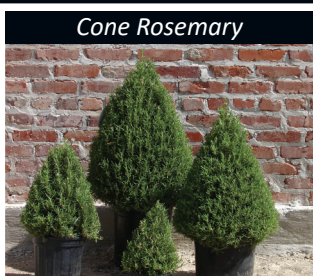

Look for Azaleas, Hollies, Boxwoods, Indian Hawthorn, Nandina, Yucca, ground cover and shrubs for North Texas Landscaping. If we don't have it, ask us we'll get it!
